

**ALL Scheme Ltd – Scheme of Arrangement (“Scheme”)**

**Notice of Additional Scheme Payment Percentage**

The definitions in the Scheme apply in this notice as appropriate.

All Scheme Claims have now been determined and, if necessary, adjudicated, in accordance with the Scheme.

In May 2024, the Scheme Supervisors determined, in their reasonable opinion and based on the information available, that it will not be possible to pay all Ascertained Scheme Claims in full from the amount of the Scheme Fund. Therefore, in accordance with the Scheme, the Scheme Supervisors set an Initial Scheme Payment Percentage of 12.5%. Initial Scheme Payments have now been made to Scheme Creditors who provided appropriate bank account details and the remaining unbanked payments are available for further distribution.

The wind-down of Amigo Loans Limited is now substantially complete and the Scheme Supervisors have determined that an Additional Scheme Payment can be made to Scheme Creditors.

The Additional Scheme Payment Percentage is 6.01%. This provides a combined Scheme Payment Percentage of 18.51%. The Scheme Supervisors acknowledge that certain Scheme Creditors received an Initial Scheme Payment in excess of 12.5% and may therefore receive a lower, or in some cases no, Additional Scheme Payment as a result.

Nigel Rackham  
Scheme Supervisor
